Ray,

Just a short note to extend my sincere Thank You to you, Eric, your office staff and all of the sub-contractors who worked on our recent office renovation project. From our initial discussions to the handing off of the keys, your company and staff have been a real pleasure to work with. Coming in under budget *and* getting everything we wanted, and more, was the icing on the cake.

I would especially like to compliment and thank Eric for his professionalism, knowledge, and attentiveness to our needs during our project. We have worked with other project managers in the past, and Eric clearly stands head and shoulders above the rest.

We couldn't be more pleased with the way things turned out. The new building has re-energized our staff. They can't believe how nice it is to work in spaces designed for their tasks. Your insight and help from concept to completion is clearly evident in the finished product.

Thanks again for the great job that you and your staff did for us. We look forward to working with you all again as we grow our business.

Sincerely,
